## Explanation of Service Charges

As explained in the BSA, “Our Service Charges” applies to all the accounts we offer. Except as specifically described, the following terms apply to all of the accounts you have with us. The above service charge listing includes all service charges that may be imposed from the routine use of your account but may not include all incidental service charges that may arise from time to time.

### 1. All Accounts

#### a. Dormant Account

Your account is considered dormant if its balance is below twenty-five dollars (\$25) and no payments, transfers, deposits, or withdrawals have been made to the account for a period of one year. Please refer to the BSA section on Dormant Accounts for more information.

#### b. Legal Processing

This service charge is imposed as permitted by law for the processing of each garnishment, levy, seizure notice, or other court or administrative order (“order”) against your accounts, whether or not the funds or other property are actually paid or delivered.

#### c. Membership (entrance)

This service charge is in addition to the requirement to purchase one share (\$10.00 par value) in the Credit Union. It is imposed when you become a member/owner of the Credit Union by opening your first account – a First Forward (Prime) Business Savings Account – with the Credit Union. All primary account owners must be a member/owner of the Credit Union. Please see the BSA for more information.

#### d. Non-Member On-Us Check Cashing or Check Replacement

This service charge is payable by the non-member presenting a check written on your Account. Your account will not be assessed this service charge.

#### e. Returned Deposited/Cashed Item

This service charge is for items (checks or electronic transactions) deposited in or cashed on your Credit Union account and drawn on another financial institution, which declines to pay the item for a reason such as insufficient funds on deposit at that financial institution.

#### f. Returned Statement

This service charge will be assessed either monthly or quarterly, depending upon statement frequency.

### 2. Checking Accounts Only

#### a. Courtesy Pay

This service charge is imposed each time a check or electronic transaction overdraws your business’s eligible Checking Account if your account is overdrawn by more than \$10.00 on any given day. There is no limit on the total service charges that may be imposed for overdrawing the account. This service charge will not be imposed if your account is overdrawn by \$10.00 or less on any given day. For more information on our Courtesy Pay Services and to **learn about our Overdraft Protection Plans that are not subject to this service charge**, please refer to Provision 6.l of the BSA Part 2 and to Section 6 of “Our Rates for Business Accounts”.

#### b. International Transaction

This service charge applies to any debit card transaction made at a location in a foreign country, or payable to a merchant located in a foreign country even if you initiate the transaction from within the United States.

#### c. Non-Sufficient Funds (NSF)

This service charge is imposed each time a check (Share Draft), EFT, or other debit transaction is presented against insufficient funds (also called non-sufficient funds or NSFs) in your account. The payee (or the payee’s institution) may represent a previously returned item. Each presentment against insufficient funds will result in a separate service charge. Please refer to Provision 6.k of the BSA Part 2 for more information.
